

Senior Quality Assurance Analyst

Who we are

Valeyo is a leading Canadian-based solutions provider to the financial services industry. In addition to being a leader in loan origination technology, we are a trusted distributor for industry-leading carriers and service providers across Canada, whose products strengthen our proprietary technologies and expand our suite of lending and insurance solutions. With more than 40 years of business excellence behind us, Valeyo unites a diverse group of insurance, technology, business, and marketing professionals with a common purpose: to help our clients thrive through strong partnerships. Through the combination of our services-driven vision and distribution expertise, we can push further and faster to provide our clients with a broader range of financial solutions for their customers.

As an organization, we subscribe to the concept of winning as a team, working together, and implementing the best ideas put forward. Guided by our core values of accountability, partner-centricity, teamwork & collaboration, results-orientation, integrity, and passion, we take a unified approach to achieving our shared purpose: To help our clients thrive through strong partnerships.

About the role

Valeyo is seeking a seasoned Senior Quality Assurance Analyst to join our growing team. This Quality Assurance Analyst will work within our Insurance Technology team and carries out procedures to ensure that all information system products and services meet minimum organization standards and satisfy end-user requirements. This role works in a dynamic and fast-paced environment and works with cross-functional teams to validate, and roll-out features aligned with the product's vision and roadmap.

What you'll do

To successfully execute this role, the Senior Quality Assurance Analyst should be able to lead the following key responsibilities:

- Thoroughly tests software to ensure proper behaviour and free from defects

- Drive and define testing approach and procedural documentation
- Ensure documentation of testing procedures and standards is maintained
- Identify, document, and report all defects; collaborate with the development team to resolve the issues and report progress
- Write and execute test plans, cases, and scripts that verify our solutions meet the needs of the user story or requirements
- Participate in refinement and design sessions, participating with feedback and recommendations such as estimate work effort, identifying interdependencies and complexities, etc.
- Maintains up to date knowledge of Valeyo's products and services. Attends appropriate development courses on an ongoing basis.
- Keep up to date on testing procedures, quality standards, and industry trends related to the practice of quality assurance
- Participate in efforts to improve software development life cycle processes, including training to new staff.

What you bring

- A bachelor's degree or equivalent in Computer Science or related field preferred.
- 5-7 Years experience in software Quality Assurance with experience in testing of UI/UX, web applications (including mobile), and APIs and as Lead QA
- Experience with building test cases in Azure DevOps or similar tools; CI/CD knowledge in AzureDevOps would be an asset
- Applied knowledge of performance testing is considered an asset
- Exposure to test automation (ex: Selenium, TestComplete, xUnit) and experience with API automation testing

The Valeyo Way:

Through collaboration and innovation, everything we do at Valeyo is focused on people - those we help and those we hire.

It's #thevaleyoway to empower our people with autonomy to make decisions that align with our values, to treat each other with compassion focusing on what we can accomplish as a team; and to recognize our individual and collective efforts.

We share a passion and drive for success and are proudly diverse team. Embracing our differences enhances everything we are involved in from our social

awareness as an organization, to our creative problem solving, to the communities we support.

We offer our team the best of both worlds: a fast-paced, innovative environment and an established organization. This includes:

- A healthy, fulfilling work-life balance through a flexible hybrid work model, a Health and Personal Spending Account, plus the comprehensive benefits and perks of a financially stable organization including Group Retirement Savings Plan (RRSP) with a company match for Deferred Profit Sharing Plan (DPSP) and a generous paid-time-off policy including vacation, personal/sick time, wellness day and statutory holidays.
- A continuously evolving people-first environment that takes time to have some fun (virtual team building events including scavenger hunts, charity drives, FitBit challenges, photo challenges, virtual social events, including team lunches, and once we're able to safely do so, awesome potlucks, costume competitions, and karaoke battles) while providing access to professional development opportunities through training and educational assistance programs.
- A bigger than us outlook. Valeyo is committed to conducting its business activities in responsible manner with emphasis on those that are most relevant to our business: including ethical behavior, concern for employee health and safety, care for the environment and respect for the communities we serve.

If you have 70% of the qualifications we are looking for and want to be part of success, we encourage you to express your interest. We can't promise it will be a fit, but we do promise to consider your experience. Apply now.

Valeyo is committed to providing a barrier-free work environment. As such, Valeyo will provide reasonable accommodations available to applicants with disabilities upon request during the recruitment process.
